

## Integrated Explorative Patient- and Learner-Oriented Education (I-EXPLORE): Three-Phase Education (e<sup>3</sup>)

### Overarching Principles

3 Pillars		
Biomedical Science	Clinical Science	Health Systems Science
4 New Threads (Pain and Behavioral Health already exist):		
Diagnostic Medicine including Point of Care Ultrasound		
Stages of Life including disability/chronic illness, palliative care, and death/dying		
Care for Vulnerable Populations including social determinants of health		
Preventive Medicine including nutrition, exercise, obesity, alcohol, tobacco, sleep, wellness and cancer prevention		
Assessment		
Entrustable Professional Activities (EPAs) Weekly formative NBME-style quizzes in Pre-Core Clerkship Midterms and Finals are primarily NBME exams		
Areas of Scholarly Concentration		
Clinical or Translational Research	Medical Education	Health Care Policy/Advocacy
Patient Safety/Quality Improvement		Global Health

### Three Phases

### Two Plans

**Blue Plan: Step 1 before Core Clerkship Phase**

**Gold Plan: Step 1 after Core Clerkship Phase**
