### **Philosophy of Care:**

To provide holistic, evidence-based, and culturally sensitive patient-centered care. Every patient is unique, and I strive to develop a trusting and collaborative relationship with each patient to understand their unique needs and preferences. All patients deserve to be treated with respect, dignity, and compassion. I strive to create a safe and welcoming environment where patients feel comfortable sharing their thoughts and feelings, and where they know they are being heard.

Healthcare is a constantly evolving field, and I am committed to lifelong learning to provide the best possible care to my patients.
