Advanced Practice Grand Rounds

Firearm Violence, 2021

Dr. Garen Wintemute

Garen Wintemute, MD, MPH holds the Baker–Teret Chair in Violence Prevention at the University of California, Davis, where he directs the Violence Prevention Research Program and the UC Davis Firearm Violence Research Center. He was among the first to study firearm violence as a health problem. He is a practicing emergency medicine physician and professor of emergency medicine at the UC Davis School of Medicine.

Dr. Nikia Mcfadden

Nikia McFadden is a surgery resident at UC Davis. She is currently spending 2 years in the Mentored Clinical Research Training Program here at UC Davis. She is interested in trauma and surgical disparities.

Dr. Sarah Stokes

Sarah Stokes is a general surgery resident at UC Davis. She is currently spending two years as a research fellow focused on pediatric and fetal surgery. She is interested in injury prevention, pediatric surgery and pediatric trauma.
