Jina joined UCD Orthopaedic Surgery Department over a decade ago where she has been a part of the growth and training of the Orthopaedic inpatient APP team. She was the Orthopaedic Surgery Spine & Adult Reconstructive Surgery inpatient Nurse Practitioner at UCD Health for over 9 years. In addition, she was a member of various Hospital Wide, department specific and AP Councils. She transitioned to the Orthopaedic Spine Surgery clinic and is currently the APP Quality Leader for the Outpatient Orthopaedic Surgery Department.

Philosophy of Care: I strive to provide quality health care to empower patients and families to understand their condition and provide resources to achieve optimal health. In addition, I hope to bridge the gap to improve the patient experience for upcoming surgeries and their postoperative course. I enjoy mentorship, developing protocols and will continue to be a resource among my peers.
