Green Commuter Program

Thank you for participating in the Green Commuter Program! Now that you are registered, you have access to 24 Green Commuter 1-day permits per fiscal year (resets every July 1). These permits are valid in any B-permit zone on the Health Campus only. You must activate a Green Commuter 1-Day Permit each time you want to use it.

Green Commuters also have access to the Guaranteed Ride Program, which provides you a way home in case of an emergency or unscheduled overtime. Register now with our regional partners at norcalgo.org. You can also track your commutes to earn rewards and see what impact your efforts have on the environment.

How to activate a Green Commuter 1-Day Permit

1. Scan the QR code or go to ucdmc.aimsparking.com
2. **Login** using your Kerberos/CAS username which requires DUO authentication.
   - If you receive an error stating "your account is not set up", please contact the parking office to provide your Kerberos/CAS username.
3. Select **Order Permit**. Agree to the Terms of Service.
4. Select **Green Commuter- 1 Day Permit** ($0.00 / One Time Cost).
5. Choose the **Date** (you can either select same day or following day)**.** Confirm.
   - For overnight shifts, if you activate the pass **after 5:00pm** on the day of your shift, it will be valid through 8:00am the next morning.
6. Select or **Add a Vehicle**, then confirm.
7. **Add Permit to Cart**.
8. Complete the final screen to **checkout**.

After you checkout, you will receive an email receipt. No printing necessary: your license plate is your permit. The attached PDF will show how many Green Commuter passes you have used so far this fiscal year.
